PROFILE

Experienced Software Developer adept in bringing forth expertise in the design, development, testing, and maintenance of software systems. Proficient in both frontend and backend technologies. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

EMPLOYMENT HISTORY

FullStack Developer at Tightline

July 2024 — Present

- Implemented Figma designs into pixel-perfect and responsive web pages
- Integrated RestApi using Laravel
- Developed CMS using Angular and Laravel.
- Collaborated with team members to ensure feature flow alignment

FullStack Developer at DabaFinance

November 2021 — July 2024

- Implemented Figma designs into pixel-perfect and responsive web pages
- Integrated GraphQL API using Reactjs and Apollo
- Developed GraphQL APIs in Nodejs for Microservices utilizing Kafka for cross-service communication
- Collaborated with team members to ensure feature flow alignment

Contract Frontend Developer at KompleteCare

December 2022 — April 2023

- Implemented Figma designs into responsive and user-friendly web pages.
- Integrated GraphQL APIs with the use of Apollo
- Implemented Re-usable components for faster development
- Wrote BDD and TDD test cases to test our applications with Cypress and Loadero to conduct webRTC tests.

Frontend Developer at Careplan 365

January 2022 — November 2023

- Implemented Figma designs into responsive and user-friendly web pages
- Migrated the dashboard from Nuxtjs to Reactjs
- Collaborated with the backend and UI designers to bring out functional applications
- Developed custom UI libraries that increased developer productivity and code reuse

FullStack Developer at MoovitDigital, Lagos

April 2021 — June 2022

- Worked to meet client deadlines.
- Effectively multitasked and worked well with internal and external teams.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.
- Remained dedicated to emerging technology and the latest digital marketing concepts.
- Worked to assess competing websites in regards to content, look, and feel.

Backend Developer at Bento, Lagos

January 2021 — April 2021

- Effectively coded software changes and alterations based on specific design specifications.
- Applied and remained current with existing and emerging technologies.
- Helped to provide industry-leading solutions.

- Utilized the latest software development tools, techniques, and approaches.
- Worked to continually meet the expectation of stakeholders and users.

FullStack Developer at Rhemalinks (itech247), Makurdi and Jos

June 2018 — January 2021

- I implemented UI designs into web pages with HTML, CSS, Javascript and jQuery.
- Worked on backend logic using PHP core
- Interacted with clients to understand their needs and work accordingly to it
- Worked closely with the team for better communication and collaboration

EDUCATION

B.sc, Federal University of Agriculture, Makurdi, Makurdi

April 2016 — July 2021

Studied Mathematics B.sc

INTERNSHIPS

Intern at HNG Internship, Virtual

May 2020 — July 2020

During the internship, I learnt about leading people of diverse race and community, also learnt on handling and delivering a project on time and how to really work with a team and deliver first class work. I also worked with team collaborating tools like clubhouse and wire-framing tools like balsamiq cloud.

Intern at Web3Bridge, Virtual

September 2020 — December 2020

EXTRA-CURRICULAR ACTIVITIES

Makurdi Chapter Lead at WomenTech Maker, Makurdi

April 2018 — August 2022

As a WTM Team Lead, I have been able to lead ladies from different areas in tech and associate with them, meet people from different areas and accomplish great things as a community from organizing workshops to meetups.

Co-organizer at GDG Makurdi, Makurdi

April 2018 — August 2022

As a co-organizer of a tech community, I have joined in building the community and expanding the community in Benue state. Interact with other developers and worked as a team in creating projects.

Mentor at Web3Bridge, Virtual

January 2021 — May 2021

Community Manager at Africoders

January 2021 — Present
